Everyone Good morning boys and girls. Welcome to our show.

Peggy I'm Peggy from 5A.

Eunice I'm Eunice.

Borie I'm Borie.

Everyone We are "Teen Power"!

Borie (Sound Effect) Hey!! Stop it! Don't hit me! Why do you always hit me?

Peggy Oh, Eunice. Stop bullying Borie. He is our classmate. You don't like him, do you?

Eunice No. I don't hate him. I didn't bully him. By the way, What is bullying?

Peggy Don't tell me you don't know what bullying is. Okay, you got our topic. Well, let's tell you what bullying is.

Borie Eunice, you've just bullied me. Bullying is the activity of repeated, aggressive behaviors which intend to hurt another person, physically or mentally. In other words, the bully behaves in a certain way to gain power over another person. Just like what you did to me!

Eunice I think I got it. Actually, I read of these behaviors but I don't know what it means.

Peggy Do you know there are many types of bullying?

Eunice Yes, I know some of them. School bullying, workplace bullying, cyber bullying and many more.

Peggy Do you know the differences among those forms of bullying?

Eunice Of course! Bullying in school means ignore one student in class. These bullies sometime may laugh at the victim or play a trick. Others may participate or watch. Sometimes out of fear, they may become the next victims

Borie Hold on! How about the other types of bullying?

Eunice Um, I don't know much about it...

Peggy Never mind. Let's focus on school bullying. Do you know bullying can cause a lot of serious problems?

Borie Yes. People may get hurt, feel lost and they may do something to escape from the reality. They might do crazy things.

Eunice It sounds really bad.

Peggy Being bullied is painful and can have terrible effects if it is not stopped at once. However, it is helpful to remember that most bullies are unhappy and feel bad about themselves.

Borie Oh, I know what you mean They may have problems at home. They may find their school work or their job too difficult for them. They may have no real friends because people do not usually like bullies. So bullies are poor as well.

Eunice Oh, I think we should stop bullying from now on. We should not stand those unfair behaviors. We can report it to the teachers and save those victims.

Borie Yes, Eunice, so you should say sorry to me!

Eunice Are you serious? (Forcefully)

Borie Oh no, please don't! Don't! Ahhh! Help!...

Please stop it! You should listen to this song! It shows how I feel when you hit me.

Eunice What song?

Peggy Oh. "Don't laugh at me". Isn't it?

Borie You are right. And that's all of our show.

Everyone Please enjoy this song.
