

## Online Diary-Magical Dream in Disneyland

China>Hong Kong>Disneyland

Monday 3 August

Hello! What are you doing this summer? I went to Disneyland with my friends! I was so happy.

I went to Disneyland by MTR. I was so excited in MTR with my friends. When we arrived Disneyland, we took a lot of photos at the entrance. Next, we went to buy tickets. There were so many people. The queue was so long that we had to wait for a long time. First, I rode the roller coaster. It is so exciting! I took photos with stitch. After that, I had a delicious lunch. Then I played many games! We took many photos with the theme characters. They are so cute! My friend loves Mickey so much. She took many photos about Mickey. She was so crazy!

At about six o'clock, we went to buy souvenirs. I bought many things. My friends and I bought different dolls. They are so cute! I love that. Then we took photos again. After that, we watched the firework. It was so wonderful. I love to watch firework! The firework looks like a magical dream.

Disneyland is a magical place!
