

School Annual Walkathon is Coming!

The annual walkathon will be here soon! Are you ready? We need to raise the fund to improve our school facilities. It will be held on 13th January, 2010, Wednesday morning. We are going to walk from school playground to Sai Kung Stadium and back to school.

As you all know, some facilities in our school are getting worn and old. Among these, our school classroom desks and chairs are always broken and they are very old, also there are lacking of new story books in the library. When we have new facilities, the students will pay more attention to the teachers and they can borrow the new books from school library. Our target is a hundred thousand Hong Kong dollars. We need all students, parents and teachers to contribute to the walkathon.

Now we should get ourselves ready for the day! Dig through your wardrobe for suitable clothes. I am going to wear a T-shirt in red colour, a pair of long sporty pants and trainers, I will also bring a bottle of water, cap, a pair of sunglasses and sunguard lotion. My own design is a suitable outfit for the walk because the sporty wears with trainers are convenient for me to walk around five hours and can help me prevent heat stroke.

We hope students, parents and teachers can enjoy this walkathon, therefore we will have some game booths for all of you to play. Students, parents and teachers should take part in the walkathon to make our relationship closer. I am looking forward to meet friends in the walkathon!
