

## Wonderful School Fair

My dear cousin,

I am so pleased that I write something about my school fair to you this time .My school's summer fair was wonderful.

The summer fair was held on Saturday 12 noon to 6p.m. At the front entrance, there was a book stall. I read some books and bought two of them. And then, we watched a pet show. In the pet show, there were many different kinds of animals, like dogs, cats, kangaroos, rabbit, and monkeys and so on. I liked the dogs most, because they could jump through a ring full of fire. The dogs were so brave, right?

Then we played some games and I won lots of prizes! I enjoyed the games very much. But I felt hungry. So I went to the international food stalls. There were many different countries food. Like Italian food – pizza, Japanese food – sushi and kebabs, curry etc. I love the seafood pizza and sushi best. After the eating, I went to see performances. The Chinese fairy called Chong'e was very beautiful. I saw there was a bouncy castle, but I think is not fit for me. At last, I ate some homemade ice-cream. It was very delicious.

I want to invite you to join us at next School's Summer Fair will you?

Love,  
Alvin
