

## Choi Ming Shopping Centre Suggestion Form

### Problem 1:

The first problem is about the hygiene situation in Choi Ming shopping centre. There are a lot of rubbish on the floor. The toilet is smelly because people do not flush the toilet.

### Suggestion:

In order to solve the hygiene problem, staff should clean the floor regularly and use automatic flushing system or post some warning signs to remind people.

### Problem 2:

Next, air-conditioning is a big concern. It is always too hot and stuffy and the air quality is too dirty.

### Suggestion:

I suggest you can regularly find some dustman to clean the air conditioners or find some dustman to clean toilets and spray air fresher.

### Problem 3:

The last problem is related to the floor. The floor contains a lot of water and toilet papers.

### Suggestion:

To solve this problem, we should regularly find some dustman to disinfect the floor or remove the garbage on the ground.
