"Turn It Up" is an enjoyable film. The film stars include Rachele Brooke Smith and Kenny Wormald. It takes place in New York City, American. This is a drama film in 2008.

The story is about a young girl who is called Kate Parker. She likes ballet. She is leaving home to go to an audition for the greatest dance school in America, the American Ballet Academy in New York City. She meets Tommy Anderson in New York City. Tommy invited Kate to a hip-hop club. Tommy wants to dance with Kate.

My favourite character is Kate Parker. I thought she is outstanding. She and Tommy begin to have feelings for each other and become a couple. My favourite scene is Kate and Tommy dancing in the park. It is very romantic. The most impressive things are music and dance in the film.

I would recommend the film to others because this film is stunning and brilliant. If you only go to see one film this year, make sure it is this one. You can never miss this breathtaking film in your lifetime.
