In the year 5020, two children, Kimi and Krystal went to space for a trip. Since they have won for the game, they can get a free travel ticket. They would travel to space by spaceship. They were very excited because the space is very beautiful and the journey is intriguing.

Suddenly, they felt something crashed into their spaceship. They were very scared. Strange sound and smoke were coming out of their spaceship. The lights were flashing. Krystal was crying and she said, "I will die in here! Oh No! Mum and Dad I love you..." Kimi said, "Calm down! Don't worry! We can find ways to leave here." At that time, a flying saucer approached their spaceship. Some aliens came into their spaceship. They were very nervous. The alien said, "Hurry up and come with me, it is too dangerous here," Kimi and Krystal had no choice but go with him. They arrived at a very big, beautiful, luxurious place. It was his flying saucer! He invited them to visit his flying saucer. This is the control room, the dining room, the entertainment lounge and the cinema. They also could not resist the temptation to watch a movie in the grand cinema. There was a love movie showing. It was very touching.

Finally, the alien invited them to a restaurant for dinner. The restaurant was special because the food was floating in the air. "What food do you want? Help yourself. It's like a buffet!" But, when we sat down, the food vanished in the air and avoided. They felt very strange. It was as if the food has a mind of its own.

After dinner, the alien took them home safely. In addition, they became friends. They occasionally go to the space to visit him and keep in touch with him via space mobile phone.
