My Comments: (80 words):

I think the storyline is simple. I like the characters of the film, for example, I like R because he is handsome and kind. Because of him and Julie, the world becomes peaceful. I think he acts the best because zombie is difficult cast. I like the costumes very much because it is warm and it has the best message. There are many background music or soundtracks in the film. They are soft. Some of them are pop music.

My Favourite Scene:

I like the last scene best/ it is because at last R's friend, M becomes human. And finally he meets a girl who thinks she is beautiful. The girl helps him to open the umbrella and he tells the girl that he was a zombie before. But the girl doesn't mind. I like it because it is warm and touching. R and Julie's love is touching too. The story makes every zombie and human being live together peacefully.
