Hi Kitty,

How are you? Hope you're well too!

I have a suggestion for your display board. The wonderful person is Liu Xiang. His birth place is Shanghai in China. His date of birth is 13th July 1983. His height is 1.88m. His weight is 74kg. 110m hurdles is his specialty. He studied in Huadong Normal University. He likes singing and computer.

He won the 2006 Lausanne IAAF Super Grand Prix (Champion) award in 2006. I think he uses a lot of time to practice it and it is very difficult too!

I believe Liu Xiang is wonderful because he won a lot of prizes in a few years and he is the best of China in Athletics too! He is so wonderful.

In the future, Liu Xian is going to retire. I feel a little sad because he can't help China anymore. I hope he will not retire in the few years because I like to see him winning the Athletics and I like him too! He is in the Shanghai Athletics Team and National Youth Team before too!

I hope my suggestion will be helpful to you.

Cheers,

Chris
